fashionable historians portray the mexican war of 1846 as an egregious example of yankee imperialism against pobre mexico poor little mexico an other victim of the expansionist flag waving gringos the truth is stranger than leftist fiction author sanford montaigne shows how the actions of an arrogant mexican military and of self serving mexican politicians forced the united states into war riding the tiger of their own bellicosity the mexican generals some of them self appointed presidents made conflict inevitable and the mexican army like most aggressors not only fired the first shots but won the first skirmish in colorful style mr montaigne re counts the early settlement of texas he proves that the american settlers under the leadership of stephen f austin were loyal subjects of the spanish crown later of the mexican republic which replaced it but mexican coups d'état undermined the new constitutional structure and this led to civil disturbances and arbitrary rule by dictatorial generals ignoring their own constitution the mexican military stirred the seeds of revolt in texas among hispanics as well as anglos their struggle led to the successful war for texan independence in 1836 but after ten years of independence the mexican military still claimed the lone star republic as a department of mexico mr montaigne documents mexican intrigues to sell texas to great britain also shows how french and british interests plotted over california then a quasi independent department of mexico the author reveals another undercurrent in the tension and one that leftist historians prefer to overlook the re verse racism of certain mexican generals who hated the anglos not to mention their massacre mentality which fueled the texans fear of conquest with their new independence ever in jeopardy the leaders of texas turned to the united states mexico s response was to threaten war and she prepared to make good on those threats by building up her army the outcome was all but inevitable last minute american peace efforts were rebuffed and mexico took up the sword this is an important essay in revisionist history ironically a revisionism that takes us back to the interpretation of american history that held sway until the day before yesterday publisher

drawing on richly textured interviews conducted from one end of the country to the other veteran journalist sanford j ungar documents the real life struggles and triumphs of america s newest immigrants and assesses their contributions he finds that the self chosen who arrive every day most of them legally still enrich our national character and experience and make invaluable political economic social and even gastronomic contributions ungar takes us inside immigrant communities the koreans in los angeles the poles in chicago the cubans in miami the ethiopians

in washington and shows how our melting pot is becoming a mosaic in which ethnic groups proudly maintain their identities and yet add to the common good he also introduces us to remarkable individuals an indian hotel keeper in pensacola a vietnamese samaritan in rural ohio a syrian traditionalist in houston a haitian community organizer in boston all grappling with what it means to become an american today here too are glimpses inside the little known worlds of the undocumented irish competing to win visas in the federal lottery and of the tiny community of iranian jewish immigrants from mashad fighting to preserve their uniqueness from the perceived threat of assimilation ranging the country s southern frontier the author goes on night duty with border patrol agents in texas and california crosses from tijuana with mexicans trying to evade the law and visits a sanctuary for illegal immigrants in brownsville he explores immigration crises on both coasts and examines the new anti immigrant mood sweeping america finally concluding that california s proposition 187 is as un american a law as any we have today
