this book examines the crisis in ukraine through the lens of triangular diplomacy which focuses on the multiple interactions among the european union the united states and russia it is explicitly comparative considering how the us and eu responded to ostensibly the same crisis it also adopts a 360 degree perspective focusing on how the us and eu interacted in their dealings with russia and how russia and ukraine have responded chapters focus on each of the four protagonists the eu the us russia and ukraine and on key cross cutting aspects of the crisis sanctions international law and energy the book thus contrasts a conventional if exceptional great power the us with a very non traditional foreign policy actor the eu it would be suitable for both undergraduate and graduate courses on the eu's external policies and engagement in world affairs eu us relations eu russia interactions or regional security issues

the lack of academic references on geothermal law is my primary motivation to write this book to provide insight for the academic world lecturers students activists government officials and the public interested in energy issues particularly geothermal this book will provide comprehensive references in geothermal law and policy including a global

perspective of energy geothermal potential in indonesia borderless concept of geothermal management challenges in geothermal utilisation in the country and a comparative perspective of geothermal utilisation in new zealand it also highlighted reformulation geothermal legal formation

archival snapshot of entire looseleaf code of massachusetts regulations held by the social law library of massachusetts as of january 2020

this book examines the ability of citizens across ten european countries to exercise their democratic rights to access their personal data it presents a socio legal research project with the researchers acting as citizens or data subjects and using ethnographic data collection methods the research presented here evidences a myriad of strategies and discourses employed by a range of public and private sector organizations as they obstruct and restrict citizens attempts to exercise their informational rights the book also provides an up to date legal analysis of legal frameworks across europe concerning access rights and makes several policy recommendations in the area of informational rights it provides a unique and unparalleled study of the law in action which uncovered the obstacles that citizens encounter if they try to find out what personal data public and private sector organisations collect and store about them how they process it and with whom they share it these are simple questions to ask and the right to do so is enshrined in law but getting answers to these questions was met by a raft of strategies which effectively denied citizens their rights the book documents in rich ethnographic detail the manner in which these discourses of denial played out in the ten countries involved and explores in depth the implications for policy and regulatory reform
